

CONVECTED DRAWER WARMERS

Model CDW-3N

Designed to keep a variety of food products hot and flavor-fresh and crisp until served. These non-humidified, single cavity/single-temperature controlled units provide even, dry heat for food products that do not require humidity.

FLEXIBILITY

Available in a *freestanding* model built of rugged stainless steel with durable nylon rollers, 12-gauge stainless steel slides, and heavy-duty hardware.

The insulated top, sides and back of the Hatco Drawer Warmer provide maximum energy efficiency and the heating elements are warranted for two years.

Freestanding unit comes with a 6' (1829 mm) cord.

QUALITY

The following features assure the finest performance for years to come:

- Low velocity convected air system provides even temperature throughout the cabinet.
- Available as a freestanding model with low profile 2" (51 mm) casters (two swivel with wheel locks and two swivel) as standard.
- Digital electronic controller for easy programming and temperature accuracy.
- Tough, solid chrome handles are angled to avoid glances from passing carts.
- Narrow width fits most kitchen footprints.
- Heavy-duty drawer slides with nylon rollers.
- Each drawer fits a standard 12.75"W x 20.75"D x 2.5", 4", or 6"H (324 x 527 x 64, 102, 152 mm) food pan or 12.75"W x 20.75"D x 6"H (324 x 527 x 152 mm) perforated food pan.
- Uses 120 volts with no special wiring resulting in efficient operating costs.
- Completely insulated single cavity provides maximum energy efficiency.
- Two-year warranty on heating elements and drawer rollers and slides.
