Unique Needs, Exact Solutions.

SERV-RITE™

PORTABLE BUFFET WARMERS

OPTIMUM SERVING TEMPERATURES, UNCOMPROMISING QUALITY

The Hatco Serv-Rite™ Portable Buffet Warmers are designed to keep prepared foods at optimum serving temperatures without affecting quality. They're perfect for self-serve buffet areas and customer serving points. All Serv-Rite Buffet Warmers feature a thermostatically controlled heated base, durable stainless steel construction, sturdy aluminum extrusions, and a 6' (1829 mm) cord with plug.

Hatco Serv-Rite Buffet Warmers are ideal for use in buffet lines and as hors d'oeuvre displays. These unique foodwarmers are available with or without overhead halogen heat lamps and glass sneeze guards. The Choice is Yours.

- All models equipped with removable utensil tray
- Digital temperature control
- SRBW and SRGBW models have top light and heat variably controlled from a base mounted dimmer switch

See Page 5 for Serv-Rite Heated Shelf models.

BLACK GLASS

HEATED CERAMIC GLASS SURFACE

THE MARRIAGE OF UNIFORM HEAT AND DIRECT FOOD PLACEMENT

The Hatco Heated Black Glass Shelf surface color is an elegant black, to add the right touch to any décor. Thermostatically-controlled heated ceramic glass surface helps hold your food hot and delicious at a surface temperature ranging from 100° to 200°F (38°-93°C). Place food product directly on the ceramic glass surface. The Heated Black Glass Shelf excels in pass-through areas, buffet lines and as a tempting hors d'oeuvre display. The Choice is Yours.

- Available in portable and built-in models
- Lighted on/off rocker switch
- Portable units are available with accessory trim rings and handles in stainless steel (standard) or powdercoated *Designer Black*
- All units come with a 6' (1829 mm) cord and plug

HEATED SHELVES

HEATING TECHNOLOGY FOR EVERY APPLICATION

GRAH-30 with optional Designer color and infinite switch and accessory C-leg stand over Heated Shelf GRS-24-1 in optional Designer color, with accessory food pans

TWICE AS EFFECTIVE, SAME HATCO QUALITY

Depending on your foodservice layout, your product could benefit from a more effective arrangement: heat from above and below. Now there's no need to worry about drying out foods or cooking beyond the desired stage when you entrust your product to Hatco's Glo-Ray® line of foodwarmers. They're portable, flexible, and available in a variety of arrangements. Let Glo-Ray technology work for you.

FITS JUST RIGHT

Simplicity and functionality team up in Hatco's Glo-Ray® Portable, Designer, Drop-in, and Round Heated Shelves. Whether you need a heated workspace or extra base heat in a pass-through or buffet area, Hatco's full line of shelf options can help you. Using a blanket or metal-sheathed heating element for an even temperature, the thermostatically controlled base extends the holding time of your food. Made with durable stainless steel, hardcoated aluminum, or ceramic black glass tops. Hatco Heated Shelves are available in a broad selection of sizes to fit your operation. If bottom heat is what you need, then Hatco has it. The Choice is Yours.

ULTRA-GLO®

PORTABLE FOODWARMERS

ULTIMATE HEAT SOURCE

FOOD ACCESS, WITH NO TEMPERATURE SACRIFICE

Think flexible working space and quality heat. Take a closer look at Hatco's Ultra-Glo® Portable Foodwarmers. They're designed to provide more distance between the heat source and the holding pan than most foodwarmers, while maintaining even heat from above, below, or both. The Ultra-Glo line was created with customerization in mind. A wide selection of styles, colors, lights, controls, hardcoated fry ribbons, pans, and trivets can mean only one thing... The Choice is Yours.
